Subject: Selections for BLM Fire Training Committee

I would like to take this opportunity to thank you for your response to Instruction Memorandum No. OF&A 2001-012, which solicited nominations for a new committee that will focus on BLM fire training issues. A lot of talented people were nominated, and I am sure that those selected will do great work for the benefit of BLM fire and resource management programs.

The attached table contains the names of those selected to serve on this committee. Committee membership represents a good mix of people from different geographic areas as well as different programs and levels of the organization including line management.

Due to the onset of fire season in many areas, the first meeting of this committee will not be possible until sometime this fall. However, committee members should expect to be contacted via e-mail and/or telephone in the near future. The purpose of these contacts will be to scope issues and set an agenda for the committee, as well as review a draft committee charter.

Any questions regarding the BLM Fire Training Committee can be addressed to Larry Sutton at 208-387-5374.

Again, thank you for your participation.

Timothy M. Murphy
Acting Director, Office of Fire and Aviation
